

Since 2006 Bower Center for the Arts has worked toward providing a cultural arts center in the heart of the Town of Bedford. Committed to strengthening the Bedford community and surrounding counties, the Center believes arts education is essential and creates arts-infused educational experiences for all age groups. With an annual Summer Arts Camp for grades 3 - 8, ongoing classes in Mosaics, Painting, Drawing, Yoga, and Tai Chi, and new classes forming regularly, Bower Center provides an engaging and creative experience for all.

Three levels of gallery space showcase work of local and national artists, holding 12 - 14 exhibits a year that reflect diverse artistic skills, excellence, and imagination. Monthly concerts in a variety of musical genres hit the performance stage, advancing contemporary, professional performing arts in every discipline.

A new "Space" exhibit will be on display from November 21, 2017 - January 13, 2018. This is an all-media judged exhibit that will explore the concept of "space, the final frontier."

Bower Center's facilities also provide space for meetings and celebrations of all kinds, including the **Christmas Home Tour Reception** in the Sara Braaten Gallery on December 3, 2017, from 1-5 PM.
