

Ottervue
725 Longwood Avenue

“Ottervue”, owned by Jeremiah Sampson and Reagan Flaherty, is decorated by Garden Thyme Garden Club.

This 1902 Victorian home is making its first appearance on the Christmas Home Tour in 2017. The house was built on land originally set aside for a subdivision by the name of “Ottervue” and was completely renovated in the mid 1980s.

Original pocket doors grace the living and dining rooms. The downstairs master bath features a period copper tub. A massive kitchen expands the width of the house. The best views of the Peaks of Otter in the town of Bedford can be found just off the back porch.

Jeremiah and Reagan were excited to purchase one of their favorite homes in Bedford in 2015. They are the first family to raise children in this home in over 60 years.
